DESCRIPTION

This is an amazing collection of previously unreleased Beefheart material from the 60's and 70's. Disc includes rarities, out-takes and demos. These tracks have never before been available. Includes a full color booklet with a short essay and fantastic color photographs.

ARTIST BIO

Born Don Vliet, **Captain Beefheart** was one of one of modern music's true innovators. The owner of a remarkable four-and-one-half octave range, he employed idiosyncratic rhythms, absurdist lyrics and an unholy alliance of free jazz, Delta blues, latter-day classical music and rock & roll to create a singular body of work virtually unrivalled in its daring and fluid creativity. His first album *Safe As Milk* was released in 1967 and featured legendary guitarist **Ry Cooder**. The year 1969 witnessed the release of *Trout Mask Replica*, and the world would never be quite the same again. The **Frank Zappa**-produced album became a yardstick by which all later Beefheart albums would be measured and Lester Bangs called Beefheart "the only true Dadaist in rock," heralding the album as "a brilliant, stunning clarification of his art". The 1982 album *Ice Cream For Crow*, the band's last, was a bleak adieu to the music business. The album was a return to Beefheart basics, loaded with Delta-style blues and urgent vocals. While he never came even remotely close to mainstream success, Beefheart's albums continue to sell steadily many years after their release. Beefheart's impact was incalculable, and his fingerprints are all over punk, new wave and post-rock.
