## Description

The second album by the Austin-based band **The Strange Attractors**, *Sleep and You Will See* delivers on the promise of their first self-titled release with a set of exploratory yet smartly crafted modern psychedelic pop songs, reminding us what might have happened if **Spacemen 3** had been weaned on loud Texas garage rock.

Featuring former members of numerous Austin bands such as **The Riverboat Gamblers**, **The Hot Rails**, **The Sunday Drunks**, **This Damn Town** and more, the Strange Attractors flesh out the driving rhythms in their music with a spectrum of tones and layers their self-titled debut had only begun to explore. Guitars and keyboards weave around each other, dreamily intent, on the foundation of their rock solid rhythm section. Undeniably hook-filled songs are the glue that keep the whole thing together. Trippy.

*Sleep And You Will See* is being released on a special 2-color haze vinyl (with included 256k mp3 download card). U.S. touring will follow in Summer 2009.
