## OVERVIEW:

The first full-length from France's Aluk Todolo shows the band developing the esoteric theorems established on it's debut 7" and going far deeper in the methodical exploration of the occult powers of musical trance. With the goal to create a timeless, organic mixing of krautrock's strangeness and black metal's coldness, Aluk Todolo conjures rabid obsessive rhythms and abyssal disharmonic guitars, subliminal spiritualist vibrations and bizarre, magick summonings. By reducing psychedelic improvisation to a bare, telluric instrumentation, and basking in the archaic rawness of lo-fi production, the trio elaborates on an audio ritual meant to be monolithic and stabbing, hypnotic but unpredictable, minimalist yet teeming. Aluk Todolo features members from the legendary, underground black metal acts, Diamatregon (tUMULt) & Vediog Svaor (Paragon International).
