Phil Turnipseed - DJ TIMES, July 2007

DESCRIPTION:

While the name may not sound familiar, **Jason Tyler's** trumpet stylings have graced the recordings and live sets of numerous legendary DJ-producers.

Now out to blaze his own trail, Tyler brings versatility to the dance music scene as a skillful DJ-producer in his own right, delivering savory beats to eccentric hipsters and big room crowds alike with signature mixes that always include fresh tracks from a who's who of today's top talent along with a smattering of his own stellar electronic productions.

A jazz-trained musician, Tyler's approach to music is anything but high-brow. "I enjoy DJing because it makes people dance and gives them an excuse to have fun," says Tyler. But it's his rare ability to appeal to a diverse audience that allows Tyler to transcend natural boundaries with his music and that, in turn, sets him apart from others. Put simply, Tyler's music makes a lot of people dance.

Due in stores September 25, 2007, Jason Tyler's debut album, *Model Tested Rockstar Approved*, has already garnered praise from several of dance music's elite with unique offerings sure to make the rounds and move the floors of large and small venues worldwide.
