OVERVIEW

The definitive DVD retrospective of THOR's early years. MTV-style videos, rare TV appearances (including a Merv Griffin Show '76 feature), and live clips. Includes all the classics: 'Keep The Dogs Away,' 'Anger,' and 'Thunder on the Tundra' and 20 more power metal/glam blasts. DVD is housed in an amray case with 4-color 2-sided insert.

"Thor, the original rock warrior, has returned to walk among his people and safeguard his dominion. Since his emergence in 1977 with Keep the Dogs Away, he has had countless imitators — girlie-men musicians who thought a few well-placed chest plates and a foam ax or two could mask their puny physiques and poofy lineage — but none was Thor." **-SF Weekly**
