### Description

Public Serpents are a Punk/Dancehall band out of New Jersey... their fluctuations between conventional instrumentation and digital beats are something not often heard in the punk scene today. Coming out of the Lower East Side's "Crack Rock Steady" scene, the band is sure to turn a few heads...

Check them out at [myspace.com/publicserpents](http://myspace.com/publicserpents).

Slithering out with its debut album on Tent City Records, Public Serpents features Skwert (legendary punk rock drummer of **Choking Victim**, **IN-DK** and **American Distress**). Following the tradition of many great drummers of the past several decades, Skwert steps out from behind the kit to front this band. 14 Tracks of delusional, schizophrenic chatter to crochet to!
