Familie, Modest Mouse, Talking Heads &
Elliot Smith

"File this Washington, DC indie rock band under most likely to succeed"

-Exclaim

OVERVIEW

A four-piece band whose members live in DC and Brooklyn, **Deleted Scenes** play delicately psychedelic indie rock that is both moody and energetic, possessing a keen sense of doomed humor. They have been gaining notice on the east coast for their live intensity and undeniable songcraft, playing over 100 shows, and releasing a self-titled EP that **Delusions of Adequacy** called "easily one of the best purchases you'll make all year." Their just-finished debut album, *Birdseed Shirt*, capitalizes on the EP's stylistically diverse pop, but expands to include a palate of odd-time grooves, dubby textures, and ghostly arrangements. Painstakingly recorded over the last year with the help of **J. Robbins** (Burning Airlines) and **Lynn Skell** (The Rude Staircase), *Birdseed Shirt* vibrates with color, instilling what the **Washington Post's** Aaron Leitko calls an "autumnal stoner vibe." Dan Scheuerman's irony-rich lyrics seek the small truths of white lies—exploding gestures, miscommunications, and malapropism into stark statements on intimacy and its lack.

"Like **Vampire Weekend** without the Africa-pop pretensions."

- Eric Rivera, **Spin.com**

"Birdseed Shirt, the debut LP from Deleted Scenes, is a creative and emotional album of soaring, hook-laden highs and more tempered lows, with each mood skillfully executed and full of rich imagery and metaphors."

- Rachel Kowal, **NPR.org**

"Deleted Scenes is a great band. Not a great local band, but a great band in general."

-**DCist.com**
