DESCRIPTION

Yoshitoshi Montreal features Sultan's own original tracks, remixes and mashups from artists including **Joe T Vannelli**, **Valentino**, **Narcotic Thrust**, **G-Pal** and **16 bit Lolitas**. The fans have spoken and they cannot get enough of **DJ Sultan**, one of the hardest working DJ / producers in the biz!

Sultan's mixing capabilities are off the charts and he's added much of his very own flavor to the programming. Appearing on the compilation is Sultan & **Ned Shepard**'s exclusive original production "Aidan" which has been heavily supported by the likes of **Paul Van Dyk**, **Deep Dish** and **Hernan Cattaneo**. The track sits along side Sultan's remixes of his own **Shinichi** classic "No Why" and **G-Pal**'s "No Other Man" and two new unreleased Sultan mashups of **Valentino**'s "Flying" with **Narcotic Thrust**'s "Waiting For You" and **Joe T Vannelli**'s epic "Prelude."

Preceded by **Behrouz** and **Miss Nine**'s separate installments of Yoshitoshi Ibiza and **Cedric Gervais**' Yoshitoshi Miami, Yoshitoshi Montreal is the latest volume in a popular CD series to come from legendary dance music label Yoshitoshi Recordings, all of which are now available for the first time at retail. Earlier this month Yoshitoshi Montreal debuted in the top 5 on its first week of iTunes release, and has recently surged to #3.
